# TF5.5

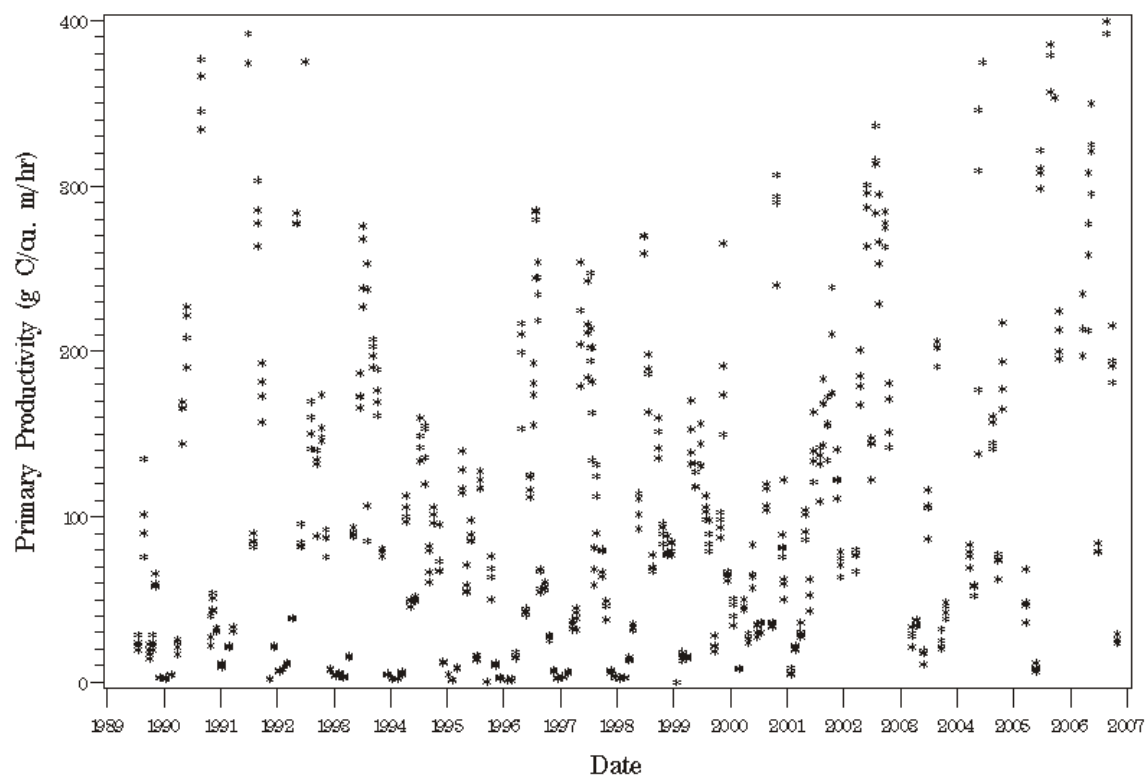

Figure I1. Plot of primary productivity against time at station TF5.5 for the period of 1989 through 2007.

## RET5.2

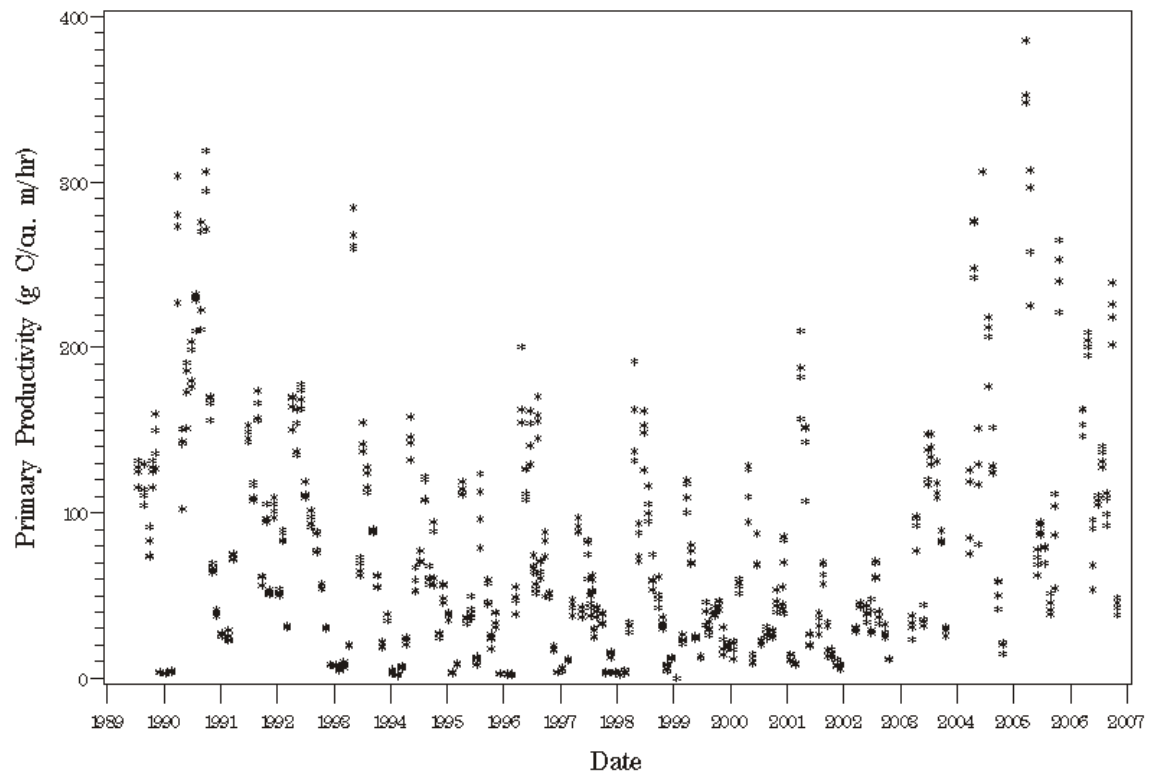

Figure I2. Plot of primary productivity against time at station RET5.2 for the period of 1989 through 2007.

## LE5.5

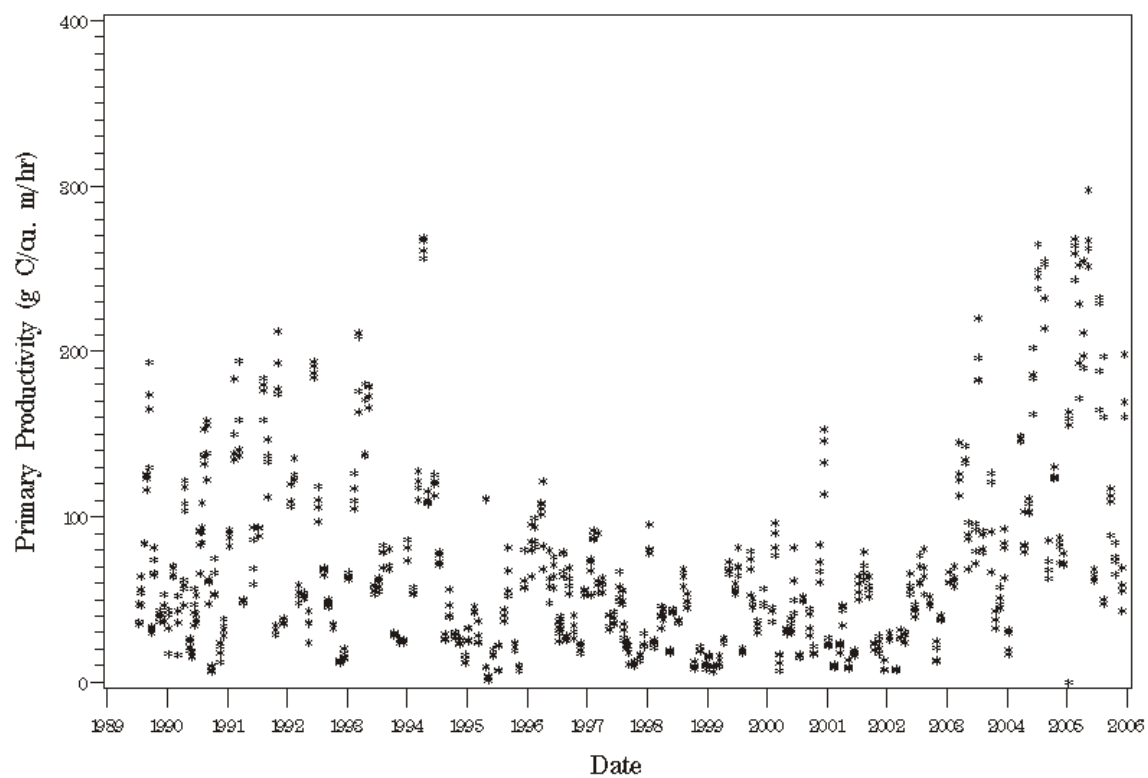

Figure I3. Plot of primary productivity against time at station LE5.5 for the period of 1989 through 2007.

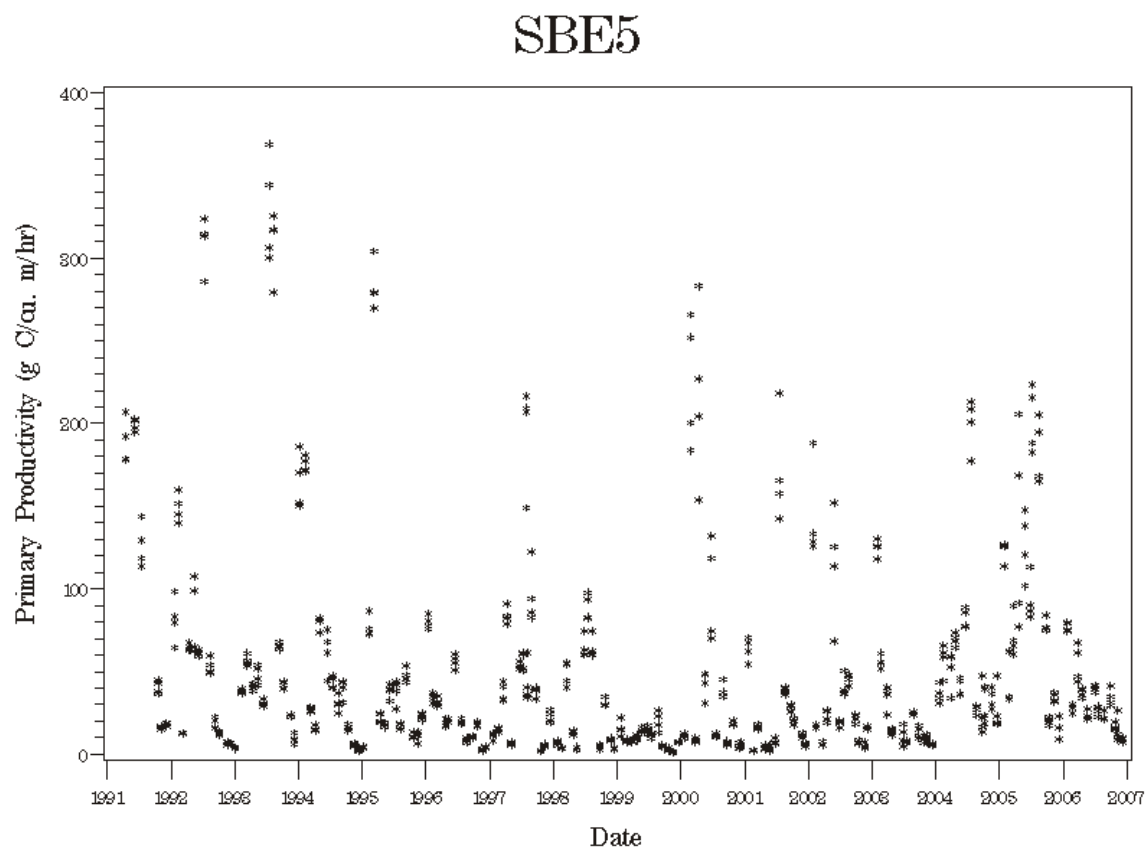

Figure I4. Plot of primary productivity against time at station SBE5 for the period of 1989 through 2007.

## TF4.2

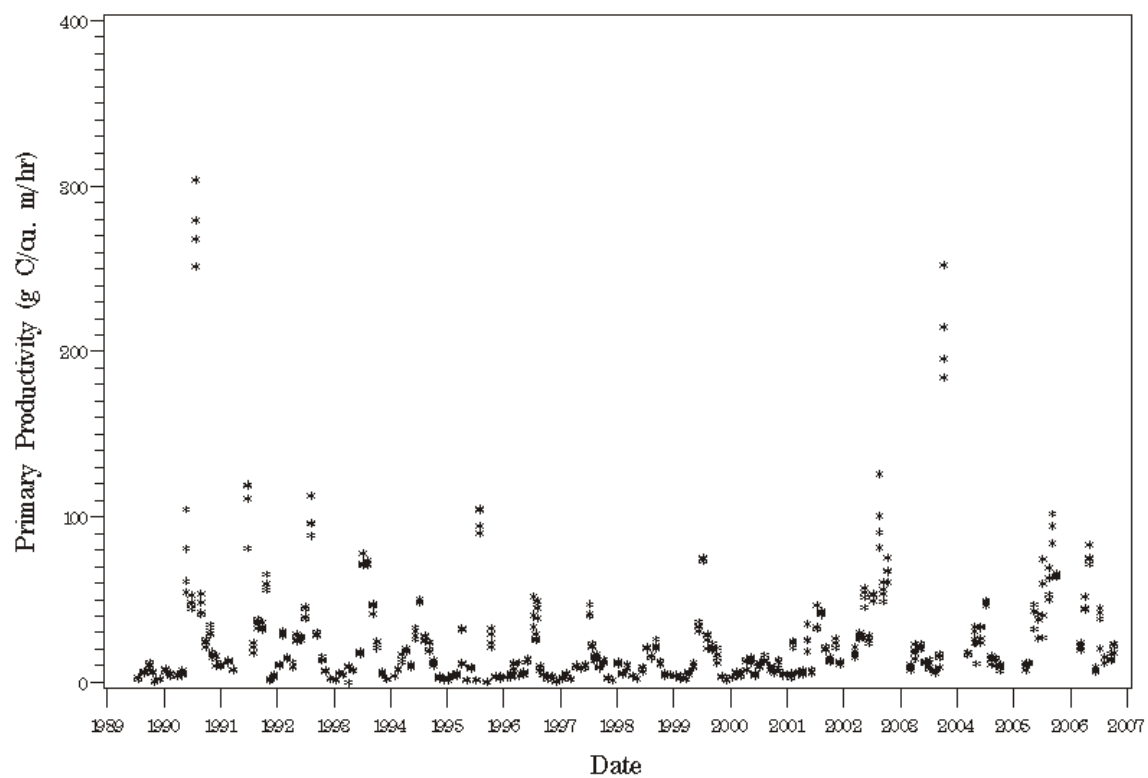

Figure I5. Plot of primary productivity against time at station TF4.2 for the period of 1989 through 2007.

## RET4.3

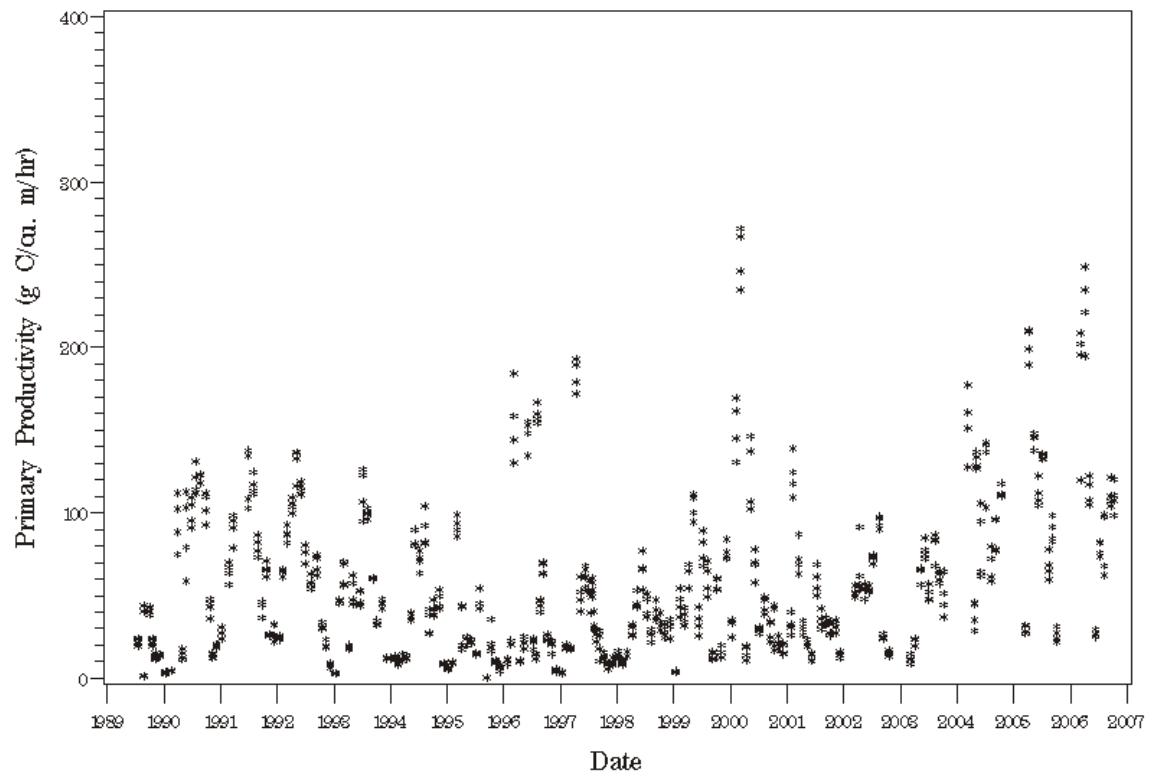

Figure I6. Plot of primary productivity against time at station RET4.3 for the period of 1989 through 2007.

## WE4.2

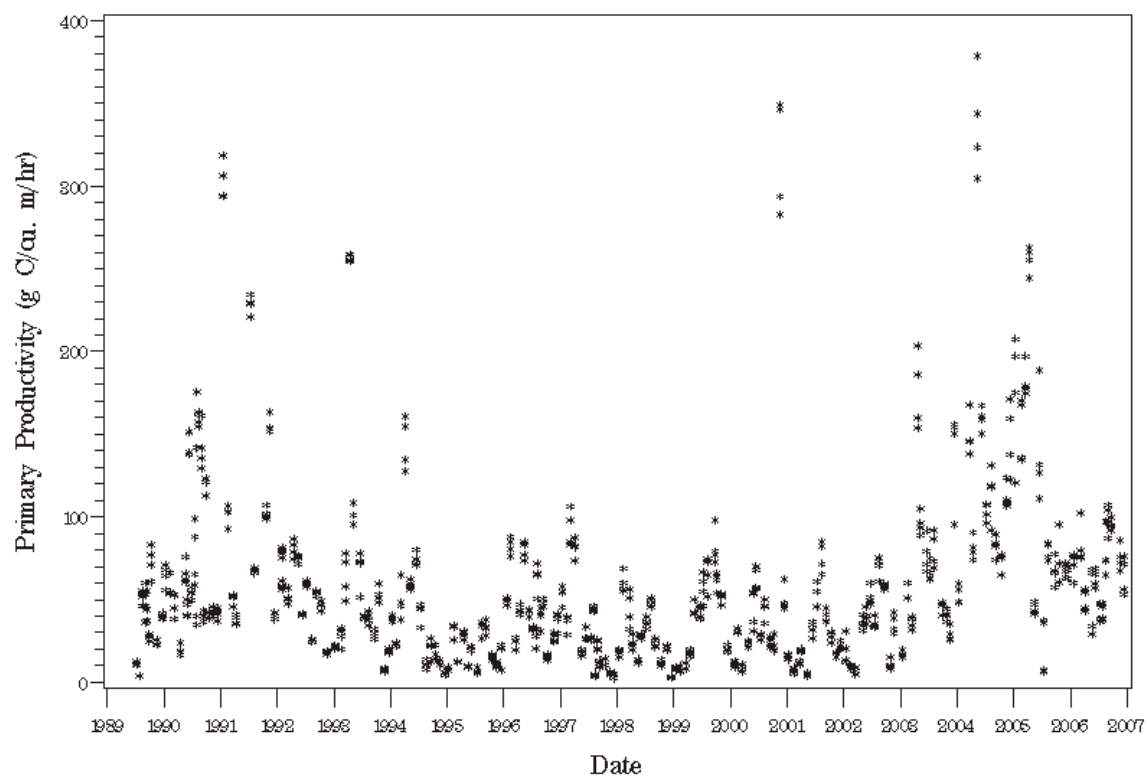

Figure 17. Plot of primary productivity against time at station WE4.2 for the period of 1989 through 2007.

## TF3.3

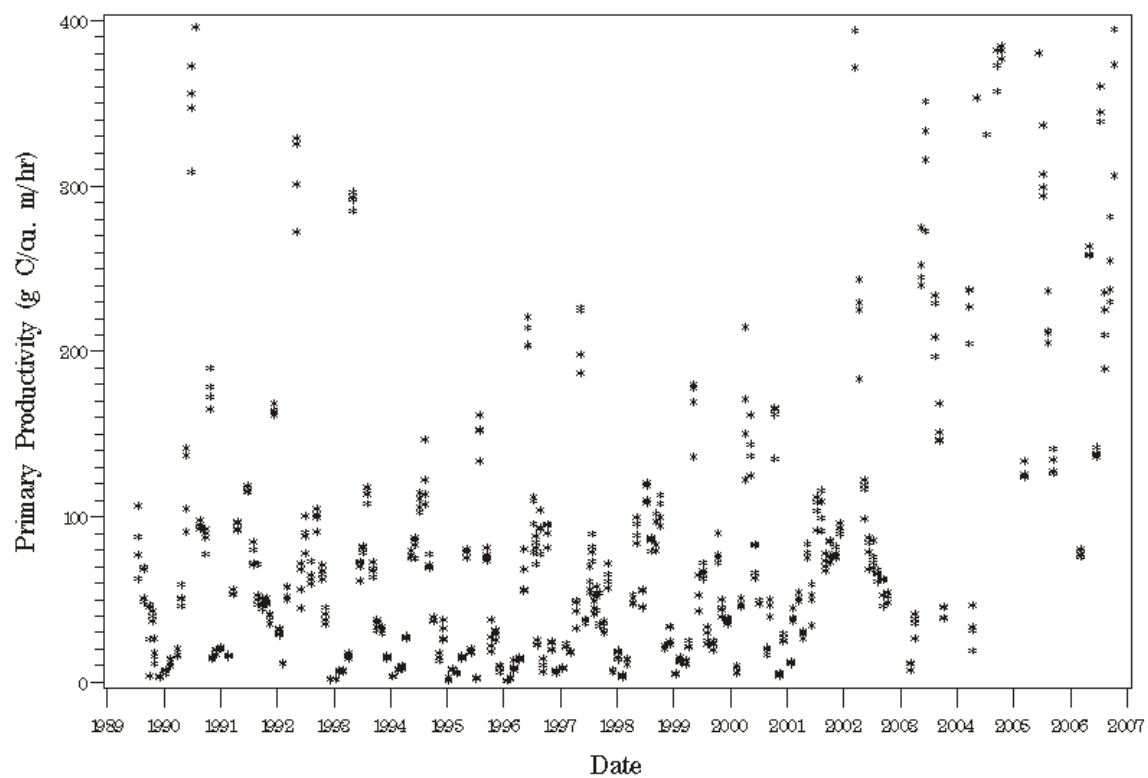

Figure I8. Plot of primary productivity against time at station TF3.3 for the period of 1989 through 2007.

## RET3.1

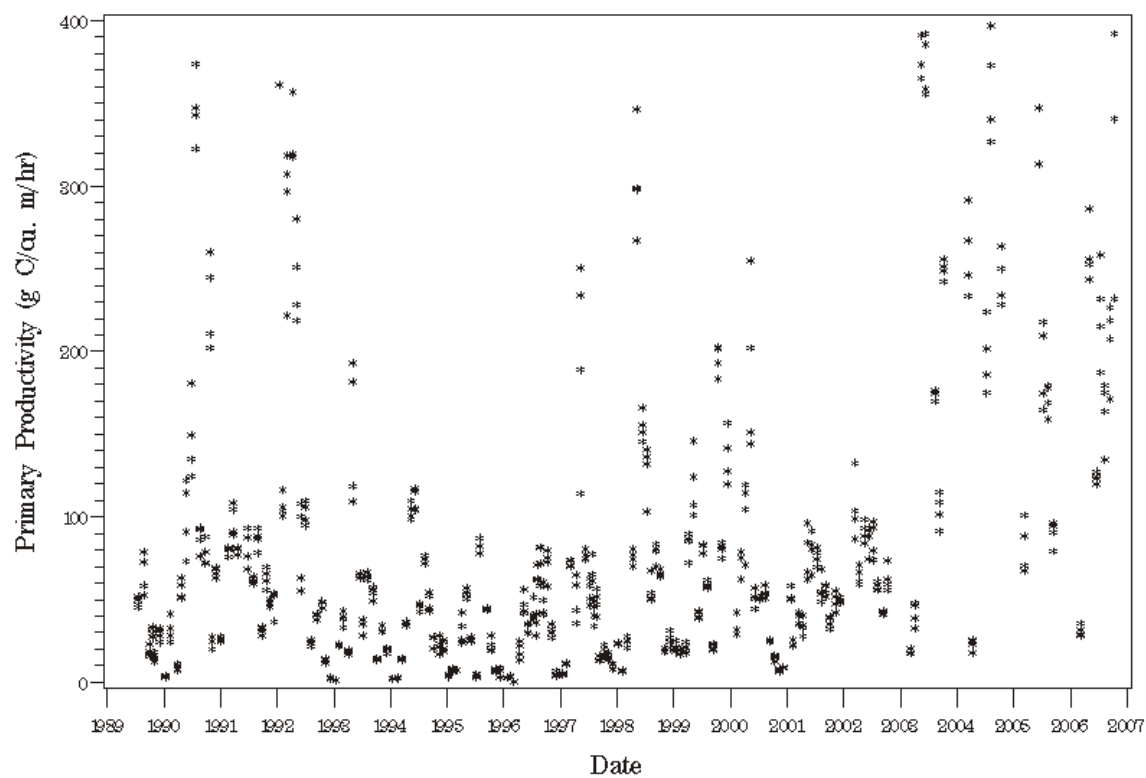

Figure I9. Plot of primary productivity against time at station RET3.1 for the period of 1989 through 2007.

## LE3.6

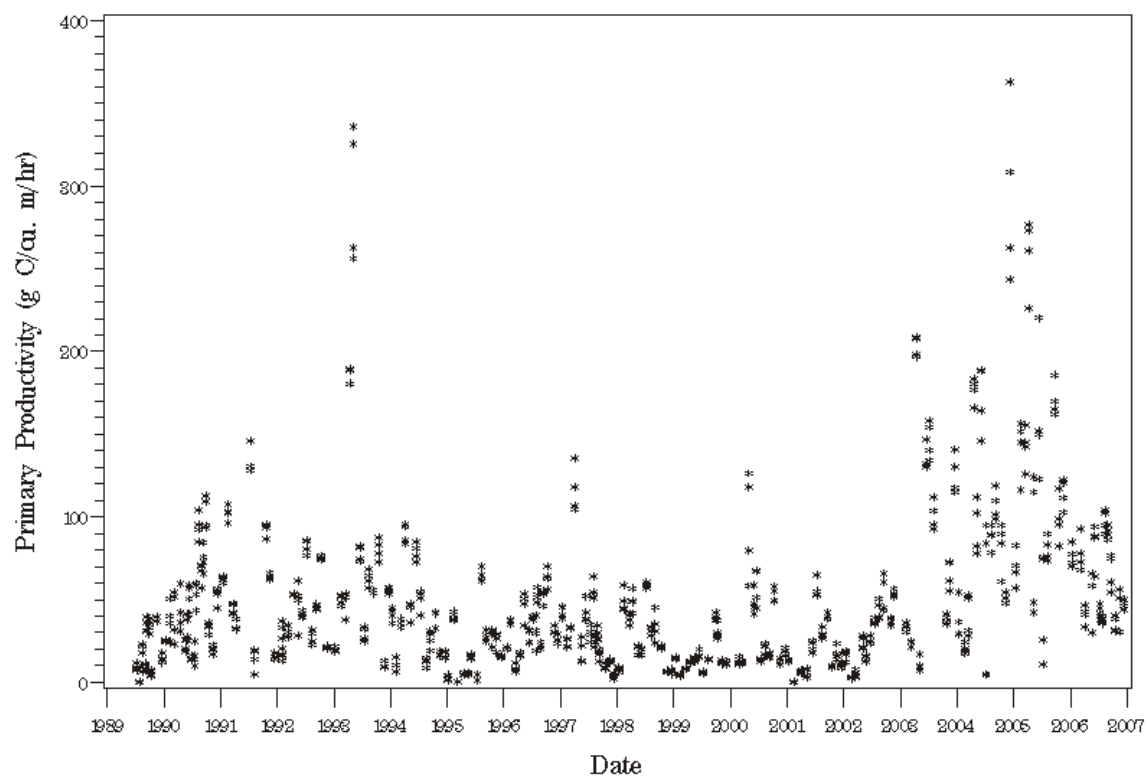

Figure I10. Plot of primary productivity against time at station LE3.6 for the period of 1989 through 2007.

## CB6.1

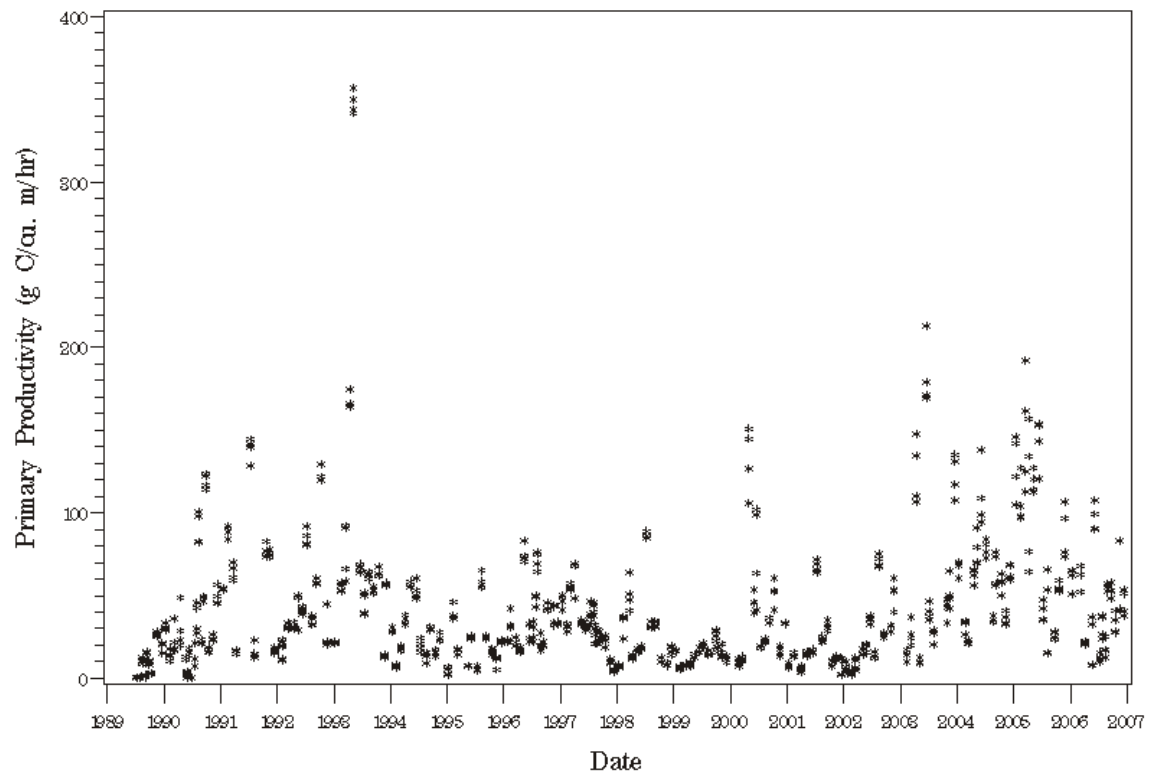

Figure I11. Plot of primary productivity against time at station CB6.1 for the period of 1989 through 2007.

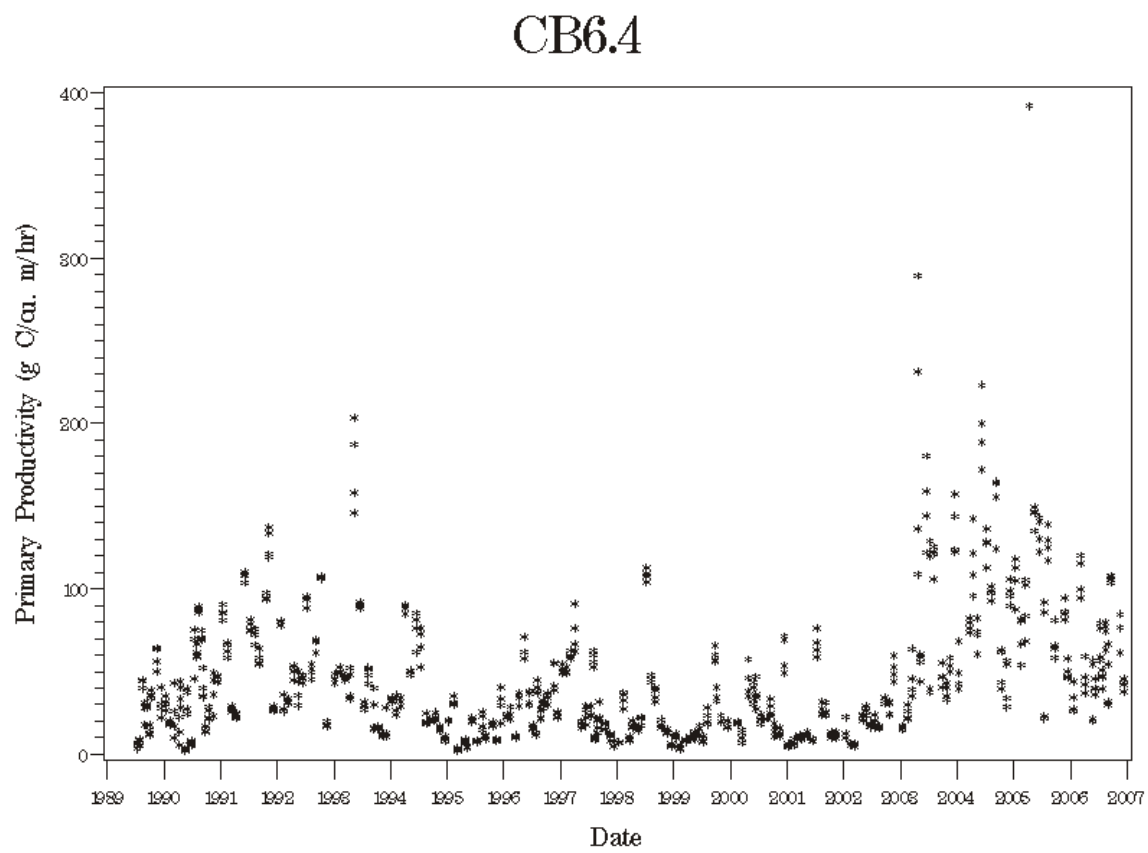

Figure I12. Plot of primary productivity against time at station CB6.4 for the period of 1989 through 2007.

## CB7.3E

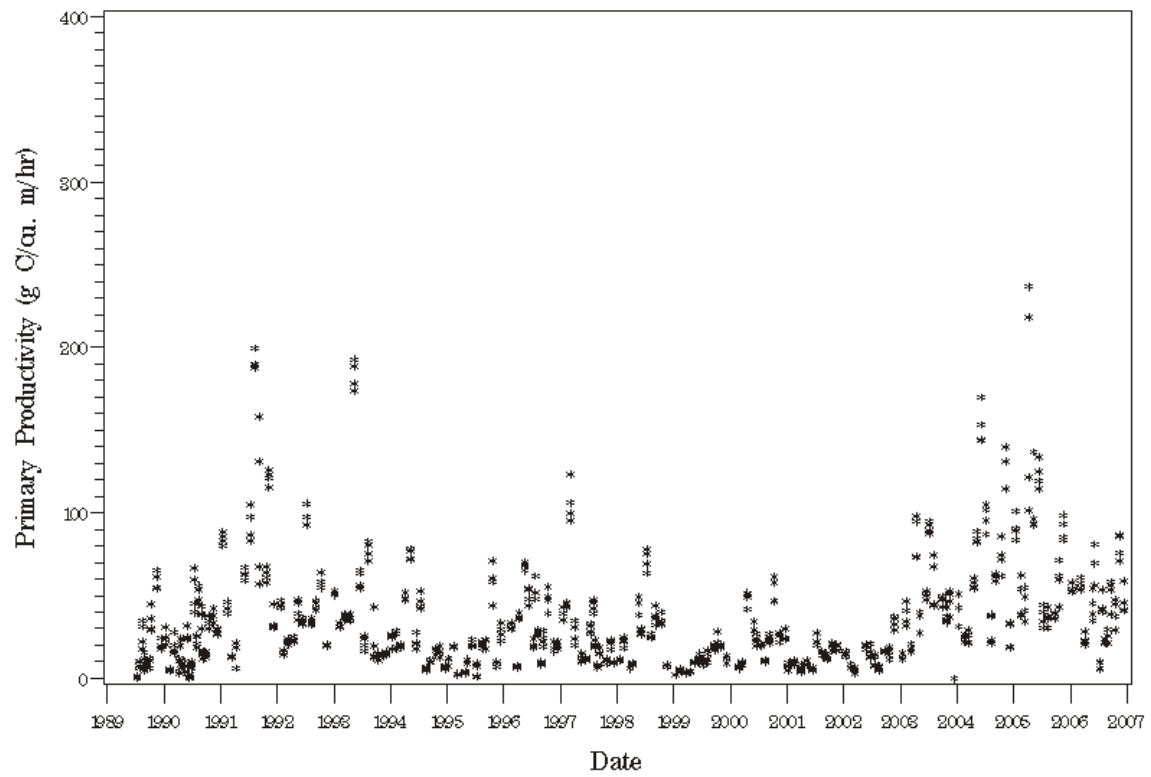

Figure I13. Plot of primary productivity against time at station CB7.3E for the period of 1989 through 2007.

## CB7.4

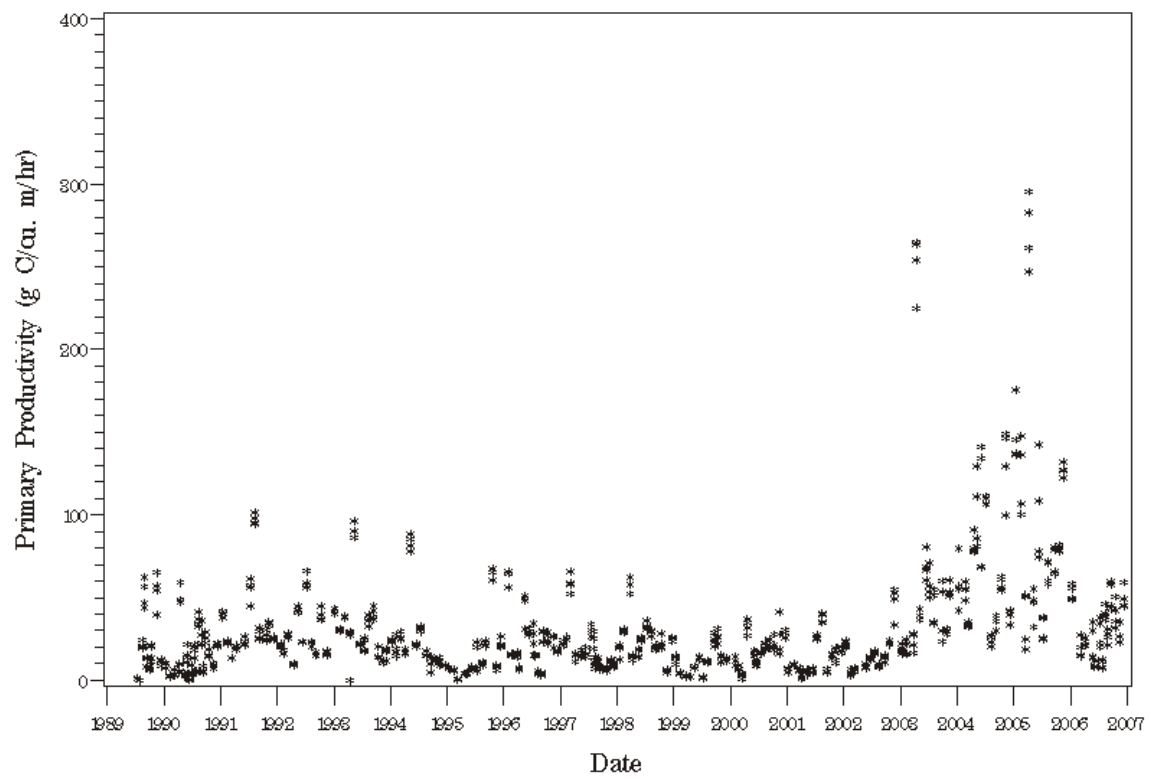

Figure I14. Plot of primary productivity against time at station CB7.4 for the period of 1989 through 2007.
