NOTES AND QUESTIONS:												
1. What's up with OCEN 451? If required, it needs to be taught every year												
2. If 440 & 640 are merged to 440/540, move course to fall semesters beginning Fall 06												
3. Can we merge 410 & 610 into a 410/510, and eliminate 616?												
4. Burdige 6xx course in new merged "core course" for every spring												
5. Terri - can we find an online course that will serve for Geol 442 (Metereology)												
6. Is Cutter going to lead 441/442 indefinitely?												
7. Does 306 really need to be offered every semester? Maybe, but nothing else for Wong to do?												
8. What is the 4xx/5xx course Nora wants for fall 06?												
9. Will Mulholland work to improve the 126/127 labs?												
10. 6xx Burdige "new core" are we doing?												
11. Cutter relieved of 442 to McConaugh-Cutter takes combined 611/610 (410) core & Lab
