If you are a new incoming student it is strongly recommended that you attend the University Preview. It is required for freshman and optional for transfer students. Anyone who attends Preview will automatically be signed up to attend a Major Declaration Session (MDS). All matriculated ODU students need to attend a MDS to be a declared psychology major. Please refer to the Registration Procedure to see how to register for a MDS. You will need to have your transcripts turned in three business days prior to the session you'd like to attend. It is strongly recommended that you register as early as possible as these sessions will be capped at 20 students.
