

The Virginia Consortium Program in Clinical Psychology

■ Student Admissions, Outcomes, and Other Data

The Ph.D. program at the Virginia Consortium was initially accredited by the American Psychological Association (APA) in 2013 (with our first graduates in 2015). Prior to that time, the Consortium offered an APA accredited Psy.D. program.

Information about APA accreditation and specific information about the accreditation of our doctoral program is available at: <https://accreditation.apa.org/>

APA's Standards of Accreditation require that we provide the following data to the public:

- Time to Completion for All Students Entering the Program
- Program Costs
- Internship Placement Information
- Attrition Data
- Licensure Rates

NOTE: The Consortium Program is listed as INACTIVE by APA because the program is no longer accepting new students.

On the basis of demonstrated proficiency, a student may be granted a reduction in (i.e., waiver) required courses. Proficiency must be established to the satisfaction of the course instructor and Directors. A student may waive no more than six semester hours of eligible courses based on graduate courses completed elsewhere prior to admission to the Program. Practicum, required clinical courses, dissertation, and internship may not be waived. Total number of required hours for degree completion is not affected.
